INVEST IN YOUR TEAM, ACCELERATE YOUR SUCCESS

Create learning experiences that fit your company’s needs, culture, and learning preferences.

Programs are designed for entry to executive-level professionals, vary from one day to several weeks, and can take place in your office, on campus, online, or internationally. UCLA Extension is one of the largest and most respected continuing education providers, and our vast network of partnerships make us a leader in professional development.

Customized Professional Development: The Key to Your Organization’s Success

Get expert counsel on your staff’s training needs. We will help pinpoint your training needs, whether your goal is to develop staff, build leadership skills, increase efficiency, or boost performance.

Use your budget and time effectively. Choose from a variety of program delivery options and flexible formats. Facilities, educational materials, schedules, evaluations, follow-up, and other details are expertly handled by our experienced staff so you can focus on your work.

Provide your staff with the latest skills and industry knowledge. Our roster of industry-leading instructors are equipped to give your staff the tools and insights they need to succeed.
Browse Some of Our Popular Program Areas

Business & Management
Enhance your organization’s performance with training in a wide range of business skills. We also offer customized industry-specific training, such as health care and hospitality management.

Leadership & Supervisory Skills
Our custom programs are ideal for manager training. Courses can be tailored to enhance communication skills, systems engineering management, and more.

Engineering & Technical Management
We provide training for technical staff in a variety of engineering fields as well as for professionals from all industries who need skills in contract management, cost estimating, IT management, project management, and supply chain management.

Entertainment Studies
We provide dynamic professional training in the art and business of entertainment. Content areas include directing, producing, cinematography, and film scoring.

Increase Employee Engagement and Retention

7 OUT OF 10 employees agree that development opportunities influence their decision to stay with a company.

Improve Your Profit Margin

Companies with learning and development programs have 24% higher profit margins than those that do not.
