

Approval Requirements for Concurrent Enrollment

The instructor and Department will automatically receive a copy of the DocuSign application after submission. All Approvals/Signatures are granted electronically.

If approval has not been granted by the start of the second week of the quarter, please follow up with the instructor and or department accordingly.

Concurrent enrollment is not available in the following Schools:

School of Dentistry

(Except for courses offered through the Department of Oral Biology)

School of Law

School of Nursing

School of Theater, Film and Television

School of Public Health

College of Statistics

Enrollment into 99 level course(s) is not permitted regardless of Subject Area.

Anderson School Of Management will allow for Concurrent Enrollment into lower division courses 1-98 only.

Statement of Student Qualification:

The student applicant, if petitioning for admission to a lower division class (1-98) attests by signature that he/she is a high school graduate who maintained a "B" average, or has completed one year of college, or seeks your consent based on special attainments such as special competence in a particular subject area or a superior high school record. If petitioning for an upper division class (100-199), the student attest that he/she has completed two years of college or seeks your consent based on special attainments, as above. If petitioning for a graduate level class (200-299), the student attests that he/she has earned a baccalaureate degree at an accredited institution of higher education, or its equivalent, in a related field. The student further attests that all published pre-requisites for this course have been satisfactorily completed.

Student Research Program and Upper Division Tutorials

Courses numbered 89HC,189HC, 195, 196, 197, 198, or 199 require completion of a course contract and approval of the faculty member. Upper-division tutorials (Courses 195-199) require an additional approval from the department chair. Research tutorials in engineering, medicine, life sciences, and physical sciences also require completion of the Environmental Health & Safety (EH&S) class Laboratory Safety Fundamental Concepts. Visit training.ehs.ucla.edu to complete the online training module. Registration is mandatory for training and proof of completion will be required at the time of enrollment.

Petition for Doctoral Level Instruction

Petitions for doctoral level instruction (courses numbered 500-699) are considered only for students who are candidates for the degree of PhD at another institution, whose committee endorses study with a member of the UCLA faculty, and whose enrollment is approved by both the UCLA faculty member offering the course and his or her department chair. Present supporting documentation to UCLA Extension Gayley Center located at 1145 Gayley Ave. in Westwood Village or for more information call (310) 825-9971.
